PROFESSIONAL SUMMARY

Results-driven Graphic & Brand Designer with over 10 years of extensive experience in digital computing, visual creation, and advanced Adobe Photoshop workflows. Equipped with 1+ year of hands-on expertise in generative AI tools and prompt crafting to rapidly concept, create, and refine high-converting brand assets, marketing visuals, and modern creative collateral.

PROFESSIONAL EXPERIENCE

Senior Graphic Designer & Visual Specialist

Freelance / Digital Studio | 2014 – Present (10+ Years)

- Created end-to-end visual branding, logo concepts, and marketing materials for diverse clients across digital platforms.
- Mastered complex image retouching, color grading, multi-layer compositing, and visual corrections using Adobe Photoshop.
- Managed end-to-end digital assets, optimizing file formats for web performance, social media engagement, and high-res outputs.
- Collaborated with clients to translate business goals into eye-catching graphic layouts.

AI-Assisted Brand & Asset Designer

Creative Practice | 2025 – Present

- Integrated generative AI platforms into traditional design workflows, accelerating ideation and rapid concept generation.
- Authored precise multi-parameter prompts to generate custom thematic backgrounds, 3D elements, and brand aesthetics.
- Refined and polished raw AI outputs in Photoshop to achieve professional finish, brand coherence, and exact design standards.
- Delivered complete social media kits, advertising banners, and conceptual visual identity mockups.

KEY STRENGTHS

- **AI + Photoshop Workflow:** Ability to conceptualize instantly with AI and deliver pixel-perfect execution in Photoshop.
- **Speed & Efficiency:** Drastically reduced turnaround times for high-quality marketing creatives.
- **Visual Aesthetic:** Deep understanding of color theory, balance, and audience-focused design.
